Hello Everyone-

Thank you all for participating in such a great night last night. We are receiving wonderfully positive feedback from the City Attorney's office. As we know, the relationship among the BIDs, LAPD and the City of Los Angeles is vital to the success of our neighborhoods and your representation at our event really highlighted the partnership that exists among your various organizations. We are honored to have been able to bring this topic to an audience and hope to continue doing so in the coming months.

We already have our photos back from last night. Feel free to use them for your social media & internal purposes.

Here is the FB album: <https://www.facebook.com/media/set/?set=a.815020998601800.1073741838.662828770487691&type=3>

We look forward to working together in the future.

Jessica Whaley
Director of Strategic Partnerships
